

Wednesday | 24 May | 13:15 – 14:15 | Room 13B

Evidence-based therapies for all stroke patients – advances and guideline recommendations

Chair: Ales Tomek, Prague (CZ)

- **Get with the guidelines
in post stroke motor recovery**
Steven Zeiler (US)
- **Effective Cerebroprotection
in the stroke reperfusion era – why we need it?**
Jacek Staszewski, Warsaw (PL)

“Outcomes - Extraordinary cases in Neurorecovery”

Exclusively for participants of the symposium.

Visit our EVER Satellite Symposium and you will receive a new booklet with highly interesting case reports and case series results. The content of this booklet focuses on **extraordinary cases in neurorecovery** after **ischemic and hemorrhagic stroke**, traumatic brain injury and all related complications.

SMALL MOMENT. BIG DIFFERENCE.

Last month, Paul was suffering from cognitive and motor impairment.
Today, he's making his next big move.

- Improvement of motor functions
- Regain full independence
- Early recovery after stroke
- Increase quality of life

Muresanu, et al., 2016
